

Information to be provided to the new owner for legal acquisition of live animals of Annex B species under Article 8(5) of Council Regulation (EC) No 338/97

I hereby declare that the following transfer has taken place:

Description of the specimens:

Species (scientific name):	
Type of specimens (e.g. live).	
Number of specimens	
Sex (if available).	
Date of birth/hatch (if available).	
Marking (if available) - ID-number and type e.g. closed ring - BOF ZG 254 11.0 19 001.	
Other features	

Origin:

Source code (codes in attachment). For captive-bred animals: information about parental stock of the specimens in question.	
Country of origin and country of (re-)export (if relevant).	

Type of acquisition:

<input type="checkbox"/> Import Document type (import permit and potential other document — in this case please specify type of the document (e.g. export permit) — and justify exemption), full number and date of issuance, issuing authority ¹	
<input type="checkbox"/> Captive-breeding Name and address of the breeder, registration number — if relevant, or other information that could enable confirmation of the breeder.	
<input type="checkbox"/> Other (e.g. taken from the wild ²) Please specify and justify legal origin.	

¹If the specimen was imported before the Wildlife Trade regulations became applicable to it, please specify and justify. In case of pre- Convention specimen the „date of acquisition” (see Article 1(1) of the Implementation Regulation) should be indicated.

² For imported specimens the box above should be used.

Information to be provided to the new owner for legal acquisition of live animals of Annex B species under Article 8(5) of Council Regulation (EC) No 338/97

Information on ancestors for captive-bred specimens (including all available information: marking, date of birth/hatch, holder — if available etc.):

Father.	Father:
	Mother:
Mother.	Father:
	Mother:

Information on the seller (given for each transaction):

Seller's data (*).	
New owner's data (**).	
Date of transaction (**).	
Signature (and/or stamp) of the seller.	

(*) of person using the specimens commercially in other way/moving the specimens within the EU

(**) leave empty if the declaration is provided for the purpose of using specimens commercially/movement within the EU by the original owner or if unknown (legal acquisition justified on previous page).

Information on enclosures

(e.g. documents or copies on: ancestry, genetic tests, taken from the wild, expert opinion on pre-Convention origin, import documents, purchase/donation documents, etc.).

(*) Attachment : source codes.

W	Specimens taken from the wild.
R	Specimens of animals reared in a controlled environment, taken as eggs or juveniles from the wild, where they would otherwise have had a very low probability of surviving into adulthood.
C	Animals bred in captivity in accordance with Chapter XIII of Regulation (EC) No 865/2006, as well as parts and derivatives thereof.
F	Animals born in captivity, but for which the criteria of Chapter XIII of Regulation (EC) No 865/2006 are not met, as well as parts and derivatives thereof.
I	Confiscated specimens.
O	Pre-Convention.
U	Source unknown (must be justified) ³
X	Introduced from the sea.

³If the source of an animal is unknown and cannot be supplemented by another source code, such an animal may not be used for commercial purposes. Also the proof of legal possession seems to be impossible.
